OFTHE

SKELTON & BROTTON URBAN DISTRICT COUNCIL

Mr. Chairman, Madam & Gentlemen,

I beg to submit my Annual Report for the year 1970, the contents of which are in accordance with the regulations of the Ministry of Health.

The table of classification of the causes of death shows diseases of the heart and circulation once again to be the main cause with cancer taking second place.

The warden schemes are thriving in both Skelton and Brotton and I hope that we shall see other ones in the near future.

I would like to record my thanks to the Chairman and members of the Health Committee for their encouragement throughout the year.

To the Heads of Departments I am again obliged for their co-operation at all times. To Mr. J. H. Rhodes, whose report follows mine, I owe an especial debt for his unstinted help in all matters concerning the health of the District.

Finally I wish to thank the two clerical officers, Mr. R. K. Nuttall and Mrs. J. Wilson, who, working in the Area Health Office, have contributed materially to the smooth conduct of affairs.

I am, Madam & Gentlemen

Your obedient servant,

T. M. B. ROHAN

Adulteration

The Chief County Health Inspector reports that 26 samples of foods of various descriptions were taken in the Urban District, two of which were unsatisfactory. One was a tin of stewed steak & gravy marginally deficient in meat and the other was a steak pie also marginally deficient in meat. Both of these cases were taken up with the manufacturers.

CLEAN AIR

No action was necessary.

RODENT CONTROL

The Council's sewers were treated twice and only light infestations were found in a few areas. The Council's tips were kept under constant supervision and minor infestations dealt with on several occasions.

"Warfarin" has been used to treat all the infestations during 1970. This poison gives very good results and the technique recommended by the Ministry of Agriculture, Fisheries and Food is followed.

There are 33 farms and 6 business premises in the Rodent Control Contract scheme.

Details of work done are set out below: -

|---|---------------------|----------------------|
| Domestic Premises Business Premises Farms Schools | 33 16 75 2 | 90 40 34 12 |

DISINFESTATIONS

Eight infestations were dealt with during the year.

CARAVAN SITES

There is one licensed site in operation, and two licences for individual caravans.

KNACKER'S YARD

The Knacker's Yard at Charltons was again licensed and periodical visits were made.

SCRAP METAL DEALERS

There are 7 persons registered as Scrap Metal Dealers under the Scrap Metal Dealers Act, 1964.
